Core Java: Lecture course for MIPT (Moscow)

ABOUT ME

I have been developing programs using 1C for 2.5 years. Now I want to move to the position of junior Java developer. I have been learning java for about a year. I have taken several courses. The last time I studied a 6 month course from Senla company. I am currently working on my own java project. I am constantly improving my English and learning it with a tutor.

LANGUAGES

English

B1 - Intermediate
